יארצייט פון רבצין רבקה ~ יארצייט פון דער פריערדיקער רבי יום קבלת הנשיאות של הרבי

מאמר באתי לגני תשי"א

"I have come to my garden," says Hashem. "I have come to the place where I used to be."
 We always think that Hashem is mainly in the שמיים, but in the beginning, Hashem could be seen and felt down here in this world.
 When אדם and חוה didn't listen to Hashem, Hashem could no longer be seen or felt, as the שכינה went away from the world high up to the שמיים.
 Then along came some great צדיקים: אברהם, יצחק, יעקב, לוי, קהת, עמרם, משה, with their beautiful מצוות, they brought the שכינה back down to this world - the place where it used to be!
 משה רבינו number 7, actually brought the שכינה back down to our world. This is because all 7th ones are special!
 There are also seven רביים חב"ד. Our Rebbe is number 7, and so he is very special.
 Since we follow the 7th Rebbe, that makes us special too. We are the generation to whom משיח will be revealed. We must bring the שכינה down to this world with our beautiful מצוות!
 Hashem's house in this world was the המקדש. Hashem wants every single Yid to be a בית המקדש, so he can rest in them too.
 We must put our energy into actually doing good deeds just like our רביים always did.
 Once, the רבי אלטער even left שול during davenning to do a good deed. He chopped wood and cooked soup for a woman who wasn't feeling well.
 The רבי מיטעלער had so much אהבת ישראל that he felt every Jew's problems as a pain in his own body.
 Once the צמח צדק ran to do a good deed before davenning. He went to lend some money to a poor man who needed it.
 One time, the רבי מהר"ש traveled very far to find a Yid and bring him back to a life of מצוות and תורה.
 When the רבי רש"ב had a chance to save some Jews who were in trouble, he didn't send anybody else. He actually went to do the good deed himself.
 There are many stories about the way the פריערדיקער רבי would even put himself in danger to help a fellow Jew!
 Now it's up to us. We are special because we are חסידים of the seventh Rebbe. We can't wait until the Rebbe will take us out of גלות. We want משיח now!
